CERTIFICATE OF CARBON CREDIT

THIS IS TO CONFIRM THAT

International Union for Conservation of Nature (IUCN)

has purchased the amount of

10,172 tCO₂e

to mitigate emissions associated with the World Conservation Congress 2016

using the following carbon credits:

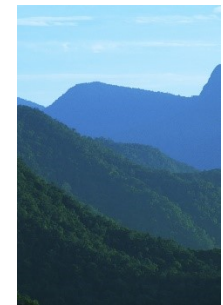

Program(s): Verified Carbon Standard (VCS); Climate, Community, and Biodiversity Standards (CCB)

Transaction registered in: Markit Environmental Registry

CORDILLERA AZUL NATIONAL PARK REDD PROJECT
in Central Peru, implemented by CIMA-Cordillera Azul

Purchase of carbon credits from this project generates revenue which contributes to the conservation of 1,351,954 ha of forests, critical habitat for 28 HCV species, and 45 watersheds; to the quality of life of 5,000 families and 34 communities through partnerships for sustainable agroforestry and land uses such as cocoa and coffee cooperatives; and thereby to the below Sustainable Development Goals.
